Forest Management Unit W16

TIMBER DISPOSITIONS
FMA9700034, DTLW160001,
Coniferous Community Timber Permit

Legend

GDP Project Area	Spatial Harvest Sequence Block (SHS)	Thinning Blocks	Herbicide Block	First Nation Reserve	Metis Settlement	Provincial Highways
Compartment	Existing Satellite_Yards	Proposed Camp Location	Rivers & Lakes	Towns	Parks and Protected Area	Roads
Proposed Block	Villages	Regional Townships	Hamlet	Summer Village		

Proposed blocks are identified by green polygons.
 Proposed SHS is identified by orange polygons.
 Proposed thinning (PCT & CT) areas are identified by brown polygons.
 Proposed herbicide application areas are identified by purple polygons.
 These areas are subject to change during the planning process.
 Portions of these blocks may be dropped and areas that are currently not shown as part of a block may be added.
 Concerns should be provided at a compartment level to ensure that any potential impacts in the area can be discussed and addressed through the consultation process.
